

The Garden Grow is a dechlorinating garden water filter that maximizes plant growth by removing the toxic effects of chlorine from garden hose water. The Garden Grow helps create a healthy garden environment for both plants and lady bugs to thrive. The Garden Grow also uses quartz crystals to aid plants in the absorption of nutrients. An easy "no tool" installation makes the Rainshower Garden Grow the choice for all horticulturists and garden enthusiasts.

Disposable, non-cartridge design makes maintenance and disposal simple.

Includes shock absorbing hose saver to prevent hose wear.

Specifications

| | |
|--|--|
| SKU: | GRDGROW-MP-RS |
| Capacity: | 30,000 gallons |
| Flow Rate: | 2 gpm |
| Housing Composition: | UV Resistant Polypropylene |
| Filter Application: | Chlorine, Chloramine |
| Filter Media: | 2 lbs. KDF 55, 0.6 lb KDF Formula 73 Filament, 2 oz. Virgin Crystal Quartz |
| Thread Size: | 3/4" GHT |
| Filter Efficiency : | 85 - 90% chlorine, 50 - 60% Chloramine (for low pH) |
| Operating Temperature Range: | 40°F (5°C) to 110°F (43°C) Optimum - 55°F (13°C) |
| Operating Water Pressure Range: | 30 psi to 100 psi |
| Dimensions: | 10.5" x 4.25" x 7.75" |
| Weight: | 3 lbs. 4 oz. |
