

You deserve healthier water in every aspect of your daily life, not just the drinking water. The RCCQ-RS replacement cartridge for the Restore dechlorinating shower filter provides a long lasting solution to the problems associated with exposure to excessive amounts of chlorine. Its specially-formulated KDF[®]-55 filter media effectively removes 90% or more of chlorine from shower water. Once in contact with the KDF[®]-55, chlorine in the water converts into an environmentally safe and harmless soluble chloride. The RCCQ-RS installs quickly and easily into the Restore.

Specifications

SKU:	RCCQ-RS
Capacity:	10,000 gallons
Flow Rate:	2.5 gpm
Housing Composition:	ABS
Filter Application:	Chlorine, sediment
Filter Media:	13.7 oz. KDF 55, Sediment Prefilter, Virgin crystal quartz
Thread Size:	½" NPT, Standard shower fitting size
Average Free Chlorine Reduction:	90%
Operating Temperature Range:	40° F (5° C) to 120° F (49° C)
Operating Water Pressure Range:	30 psi to 100 psi
Dimensions:	2.5" x 3"
Weight:	1 lbs.
