

The unique Recharge replacement cartridge which is housed in a Stainless Steel body reduces toxic chlorine from your shower. The result is better skin conditions, more manageable hair and reduction of itches and rashes. It is the most environmentally correct filter because it uses less plastic and lasts longer. When used with a Rainshower flow reduction shower head it combines eco-consciousness with a healthy and invigorating shower experience.

Specifications

SKU:	CSRC-RS
Capacity:	30,000 gallons
